MEMORANDUM FOR: Mr. Donald Curtis  
International Monetary Affairs  
Department of the Treasury

SUBJECT : Estimated OPEC Oil Receipts, 1974

1. The attached table is in response to your request for our latest estimates of OPEC 1974 oil receipts by country and month.

2. We have revised fourth quarter revenue estimates to reflect actual production for October and November and the November price increases. Because oil company payments to producers are lagged, the change in total 1974 revenue is minor. Small increases in four countries were partially offset by declines in three others. Our new total is \$94.6 billion, compared with \$94.3 billion estimated earlier.

3. I (143-7717) will be pleased to answer any additional questions you may have on this subject.
